MY EXPERTISE

- ARCHITECTURE DESIGN
- URBAN DESIGN
- LANDSCAPE DESIGN
- INTERIOR DESIGN
- 3D ANIMATION
- MOTION GRAPHICS

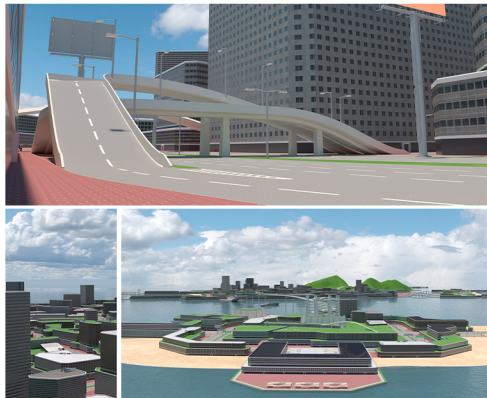

My expertise lay in the specialization on photorealistic life-like visualizations and motion graphics animations renderings that allow my clients to see ahead of how the project will look and feel, exactly how the clients visions and design his or her properties progressive working connection from interpreting visions into concept through detailed design and plans to realize the project outcome.

I provide wide range of design options from commercial, residential, retail and mixed-use project to hospitality, leisure, sports, any interior design, urban planning and landscaping.

ARCHITECTURE DESIGN

- ARCHITECTURE DESIGN
- URBAN DESIGN
- LANDSCAPE DESIGN
- INTERIOR DESIGN
- 3D ANIMATION
- MOTION GRAPHICS

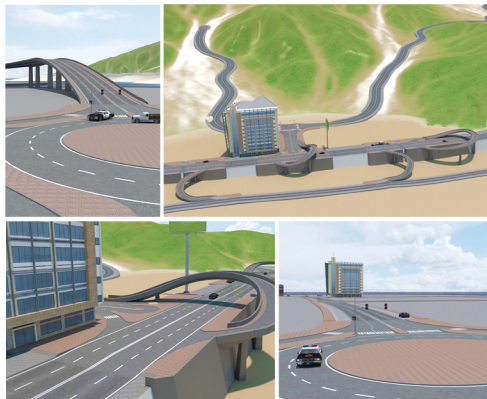

I have extensive experience and background in architecture design in United Arab Emirates, creating luxury villas and commercial-residential medium rise buildings.

The essence in my design is creating well-designed photorealistic life like visual renderings and animation to allow our clients to see and feel how its like to stand and walk around inside the project to let them not only see but to further develop the a quality, healthy, comfortable and efficient properties.

URBAN DESIGN

- ARCHITECTURE DESIGN
- URBAN DESIGN
- LANDSCAPE DESIGN
- INTERIOR DESIGN
- 3D ANIMATION
- MOTION GRAPHICS

I have extensive background knowledge in urban design. Planning and urban system fully integrated with nature shaping a sustainable communities, environment friendly, innovative and creative that aims to provide and improves quality living of the community and the future generations.

- * Regional Planning

- MOTION GRAPHICS

My design styles in interiors are like no other, a design standard that enrich way of life to luxurious quality living with creativities and innovations to sustaining a comfortable interior design that improves and allow the community to enjoy high quality living standards.

I have designed in different scale from product designs to huge public and residential buildings, beginning from the very core structure to the finishing materials, lightings, life sustaining networks and furnishing elements.

- * Structural core design
- * Finishing and furnishing design
- * Lighting design

3D ANIMATION

- ARCHITECTURE DESIGN
- URBAN DESIGN
- LANDSCAPE DESIGN
- INTERIOR DESIGN
- 3D ANIMATION
- MOTION GRAPHICS

I have created 3D animations that are engaging and believable life-like human characters and environment behaviors much similar to how the real world getting the audience to adopt on the scene as if a real life happenings.

I invest time on perfecting character and environment behaviors that is accurate to allow audience to easily accept the 3d animations, with these we can send messages and impressions to the mass on what we will promote in the 3d animations.

MOTION GRAPHICS

- ARCHITECTURE DESIGN
- URBAN DESIGN
- LANDSCAPE DESIGN
- INTERIOR DESIGN
- 3D ANIMATION
- MOTION GRAPHICS

I have created compelling advertisement videos that are brief and effective in delivering impressions to the mass through online media promoting personalities, brands and business profiles.

I research and study the mass psychology to allow advertisement to be easily accepted and familiarized by the targeted audience allowing personalities, brands and business profile becoming top choice by the public.
